Assistant Director, GDS

29 December 1947

Executive for I & S

Definition of term "Control" and specifications for use.

REFERENCE: GDS memorandum to Executive for I & S dated 17 October 1947, subject as above.

II
C3

1. In reply to the reference there is quoted below information received from GDS:

"1. CONTROL is not a security classification. It signifies a restriction or limitation on distribution of GDS Information reports. CONTROL is used to protect both the content and source of information.

2. In no case will CONTROL be used in disseminations of information without a definitive phrase. The following phrases are presented as examples of the specific definition of CONTROL required in each case.

CONTROL/US Officials Only
